

LAUTOKA CITY COUNCIL

TENDER

**Tender for Consultancy Services for Traffic Impact Assessment
for the Lautoka Central Business District**

Lautoka City Council invites Tenders from Reputable, Qualified and Experienced Traffic Engineering Consultants to undertake Consultancy Services for Traffic Impact Assessment for the Lautoka Central Business District Area.

The purpose of the Traffic Study is to bring improvements for smooth traffic flow by off-loading areas of congestion, car parking, taxi bases, etc. and also for safety of pedestrians by providing foot crossings at critical areas.

The council is also looking into providing access ways for people with special needs for ease of movement to public transport, public offices and doing business.

Furthermore, the council is also considering to decentralizing the Bus Terminal and other Public Transport on the East – bound for Ba onwards and on the West – bound for Nadi onwards.

To achieve the above, the current traffic routes may need to be re-visited in order to provide shuttle services from the main terminal (current bus station) to the decentralized terminals.

The Prescribed Tender Documents with Terms of Reference prepared by the Fiji Roads Authority can be obtained from the Council's Cashier on payment of a non-refundable tender fee of \$28.75 VIP.

All Tenders shall be submitted in a sealed envelope and marked "**TENDER FOR CONSULTANCY SERVICES FOR TRAFFIC IMPACT ASSESSMENT FOR THE LAUTOKA CENTRAL BUSINESS DISTRICT AREA**" Addressed to The Chief Executive Officer, Lautoka City Council and deposited in the Sealed Tender Box at Council's Office, Civic Centre Building, 169 Vitogo Parade, Lautoka.

Tender closes at 4.00 pm on Friday, December 11, 2020.
